Experience

3rd Assistant Director *July 14th - 16th 2023*
Short film by Oxygen Films

Working directly under an experienced 1st Assistant Director, I have learned a lot. Co-ordinating with different crew members as well as looking after the actors, I have enhanced my communication skills. I was able to appreciate the importance of time management on this set .

2nd Assistant Director / Runner *June 27th - 30th 2023*
Short film by Molly Bailey

This film involved different locations so it was quite a great learning experience to communicate with the director and producer, and work according to the prepared schedule. It involved a small crew and I acted more as a runner than a 2nd AD.

1st Assistant Director *May 15th 2023*
Short film by Fred Hiley

Filmed in a studio in our University, it was my first time working with professional light and camera kit. Being the 1st AD on set involved many duties such as staying on schedule yet making sure the director could stay true his vision. Maintaining health and safety of everyone on set was another important duty.
